- ◆ To simplify a change to your company's management
- ◆ General good housekeeping

BENEFITS OF A REVIEW:

- ◆ To prevent previously unidentified issues from escalating
- ◆ Maximises team efficiency and avoid delays
- ◆ Gain expert solutions to minor problems as part of the service

SERVICES MAY INCLUDE:

- ◆ A review of all statutory registers ensuring accuracy with Companies House
- ◆ The tracking of share positions, from subscriber through to current position
- ◆ Specialised resolutions to identify problem areas
- ◆ Review of the company address records

As an example of this programme in action, a recent review pinpointed problems with subscriber shares where the correct documentation had not been prepared and/or filed at Companies House. As a result, the shareholdings were incorrect. That company's specialised FIT programme identified these issues early, saving time and preventing delays.
